

# TABLE OF CONTENTS

---

INTRODUCTION.....	1
Purpose .....	1
Study Background .....	1
Yesterday.....	1
Today.....	2
Study Development Process .....	2
Context Sensitive Design .....	5
Key Findings.....	5
Mobility and Congestion .....	5
Accident and Safety.....	6
Pedestrian Facilities.....	6
Signage Improvement Recommendations.....	6
Security and Law Enforcement.....	7
Business Access.....	7
CHAPTER 1 EXISTING CONDITIONS .....	9
Highway Location, Classification, and Function .....	9
Access Management Classifications .....	10
Overview.....	10
Applicable Classifications .....	10
Existing Median Treatment.....	11
Zoning.....	11
Lanes.....	13
Horizontal and Vertical Alignment .....	15
Intersections .....	16
Bridges .....	16
Aurora Bridge (George Washington Memorial Bridge).....	16
Other Bridges.....	17
Non-Motorized Crossings and Facilities .....	18
Crossings.....	18
Sidewalks.....	18
Bicycle Facilities .....	18
Speed Limits.....	18
Right-of-Way Widths.....	19
Transit Service.....	19
Existing Transit Service Levels.....	19
Transit Stop Spacing .....	20
Operating Environment.....	20

CHAPTER 2 TRAFFIC CONDITIONS .....	21
Historical & Existing Trends in Traffic Volumes.....	21
WSDOT Congestion Index .....	21
Level of Service .....	22
CHAPTER 3 ACCIDENTS AND SAFETY ISSUES.....	29
Accident History.....	29
South Focus Area.....	32
High Accident Corridor.....	33
High Accident Location .....	34
Pedestrian Accident Locations .....	34
Central Focus Area.....	34
High Accident Locations .....	35
Pedestrian Accident Locations .....	35
North Focus Area .....	36
High Accident Locations .....	36
Pedestrian Accident Locations .....	38
CHAPTER 4 DESIGN STANDARDS.....	39
Design Elements .....	40
Lane Widths.....	40
Horizontal and Vertical Alignment.....	40
Design Deviations and Context Sensitive Design .....	42
Design Deviations.....	42
Context Sensitive Design.....	43
CHAPTER 5 NEAR-TERM IMPROVEMENTS .....	45
Safety Improvement Recommendations .....	45
Congestion Improvement Recommendations .....	46
Security Improvement Recommendations.....	46
Law Enforcement Improvement Recommendations.....	47
Signage Improvement Recommendations .....	48
CHAPTER 6 LONG-TERM IMPROVEMENTS .....	49
Introduction.....	49
South Focus Area – Battery Street Tunnel to N. 50th Street.....	50
Aloha Street to Dexter Way .....	51
Halladay Street Intersection.....	51
Raye Street Intersection .....	54
Aurora Bridge.....	62
N. 38th Street Vicinity .....	63
Central Focus Area – N. 50th Street to N. 110th Street .....	68
Roadway Improvements .....	68
N. 50th Street N. 59th Street .....	73
N. 59th Street to N. 72nd Street .....	74
N. 72nd Street to N. 110th Street .....	74

North Focus Area: N. 110th Street to N. 145th Street.....	75
<b>CHAPTER 7 PUBLIC OUTREACH .....</b>	<b>79</b>
Introduction.....	79
Communication Strategies .....	79
Public Outreach Activities.....	79
Stakeholder Advisory Committee Meetings.....	80
Open House Meetings .....	80
Over 50 Meetings with Business and Community Organizations .....	81
Business Contacts .....	81
Newsletters .....	81
Media Outreach .....	81
Study Website.....	81
Public Involvement Database .....	82
Overview of Public Comments Received .....	82
Review of Neighborhood Plans .....	82
<b>CHAPTER 8 CONSISTENCY WITH OTHER PLANS .....</b>	<b>83</b>
Consistency with the Washington Transportation Plan and the State Highway System Plan .....	83
Consistency with Local Plans .....	83
Seattle's Comprehensive Plan Transportation Goals .....	86
PSRC's Comprehensive Plan.....	87
<b>CHAPTER 9 ENVIRONMENTAL INVENTORY .....</b>	<b>91</b>
Results of SR 99 North Environmental Inventory .....	91
Critical Areas .....	93
Potential Historic Resources.....	98
Parks/Section 4(f) .....	99
Noise/Vibration .....	100
Hazardous Materials.....	101
<b>CHAPTER 10 FUNDING AND IMPLEMENTATION PLAN .....</b>	<b>103</b>
City of Seattle Funding .....	103
King County Metro Funding.....	103
State Funding .....	103
<b>GLOSSARY OF FREQUENTLY USED TERMS.....</b>	<b>105</b>
<b>APPENDICES .....</b>	<b>107</b>
<b>APPENDIX A ACCESS MANAGEMENT CLASSIFICATIONS .....</b>	<b>109</b>
Class 1.....	109
Class 3.....	109
Class 4.....	109
<b>APPENDIX B LEVEL OF SERVICE (LOS) DEFINITIONS FOR UNSIGNALIZED INTERSECTIONS .....</b>	<b>111</b>
<b>APPENDIX C LEVEL OF SERVICE DEFINITIONS FOR SIGNALIZED INTERSECTIONS .....</b>	<b>113</b>

APPENDIX D TRAFFIC ANALYSIS ASSUMPTIONS AND METHODOLOGY .....	115
Parking Utilization.....	116
On-Street Parking .....	116
Off-Street Parking .....	116
APPENDIX E PUBLIC OUTREACH .....	117
Public Outreach Activities.....	117
Community Meetings .....	117
Business Meetings.....	117
Business Contacts .....	117
Newspaper Display Paid Advertising .....	121
Newsletters .....	122
Postcards.....	123
Published Articles .....	123
Open Houses.....	127
Stakeholder Advisory Committee .....	127
Website.....	128
APPENDIX F SURVEY OF PUBLIC COMMENTS RECEIVED .....	129
South Focus Area (North End of the Battery Street Tunnel to N. 50th Street) .....	129
Aurora Bridge (George Washington Memorial Bridge).....	129
Access .....	130
Non-Motorized .....	130
Other Safety Issues .....	131
Transit.....	132
Mobility.....	132
Other.....	132
Central Focus Area (N. 50th Street to N. 110th Street).....	132
Access .....	133
Medians .....	133
Non-Motorized .....	134
Sidewalks.....	135
Other Safety Issues .....	135
Mobility.....	136
Parking.....	137
Transit.....	137
Landscaping .....	137
Other.....	138
North Focus Area (N. 110th Street to N. 145th Street).....	138
Access .....	139
Medians .....	139
Transit.....	139
Landscaping .....	140
Non-Motorized .....	140
Sidewalks.....	141
Other Safety Issues .....	141

Mobility.....	142
Parking.....	142
Other.....	143
<b>APPENDIX G SURVEY OF PUBLIC COMMENTS - NEIGHBORHOOD PLAN RECOMMENDATIONS .....</b>	<b>145</b>

## LIST OF FIGURES

---

I-1. SR 99 North Corridor Study Project Area.....	3
I-2. Study Recommendations Development Process .....	4
1-1. Median Treatment.....	11
1-2. Number of Lanes .....	14
3-1. High Accident Areas .....	30
6-1. Aloha St. to Dexter Way N. Proposed Future Cross Section .....	52
6-2. Queen Anne Access Stage 1.....	57
6-3. Queen Anne Access Stage 2.....	58
6-4. Queen Anne Access Stage 3.....	59
6-5. Queen Anne Access Stage 4.....	61
6-6. Aurora Bridge Proposed Future Cross Section .....	64
6-7. N. 38th Street Intersections.....	66
6-8. N. 38th Street Access .....	67
6-9. N. 39th Street to N. 50th Street Proposed Future Cross Section .....	69
6-10. N. 50th Street to N. 59th Street Proposed Future Cross Section .....	70
6-11. N. 59th Street to N. 72nd Street Proposed Future Cross Section .....	71
6-12. N. 72nd Street to N. 110th Street Proposed Future Cross Section .....	72
6-13. N. 110th Street to N. 145th Street Proposed Future Cross Section .....	77
9-1. Environmental Review Process .....	92
9-2. South Focus Area Critical Areas .....	94
9-3. Central Focus Area Critical Areas .....	95
9-4. North Focus Area Critical Areas .....	96

## LIST OF TABLES

---

1-1. Access Management Classifications.....	10
1-2. Lane Width and Function .....	13
1-3. Signals on the SR 99 North Study Corridor.....	16
1-4. Bridges Along the SR 99 North Study Corridor.....	17
1-5. Existing Sidewalk Patterns.....	18
1-6. Speeds Along the SR 99 North Study Corridor.....	19
1-7. SR 99 North Study Corridor Right-of-Way .....	19
2-1. SR 99 North Corridor Average Daily Traffic Volumes.....	21
2-2. A.M. Peak-Hour Level of Service for the Unsignalized Segment South of Green Lake Way.....	23
2-3. P.M. Peak-Hour Level of Service for Unsignalized Intersections South of Green Lake Way.....	23
2-4. Summary of Signalized Intersection Level of Service .....	25
2-5. Summary of Arterial Performance in the A.M. Peak Hour .....	27
2-6. Summary of Arterial Performance in the P.M. Peak Hour.....	27

3-1. High Accident Locations within the SR 99 North Study Corridor .....	31
3-2. Pedestrian Accident Locations in the SR 99 North Study Corridor .....	32
3-3. Accident Type within the High Accident Corridor .....	33
3-4. Primary Contributing Cause of Accidents within the High Accident Corridor .....	34
4-1. Design Standards for Urban State Highways.....	40
4-2. Sight Distance on the SR 99 North Study Corridor.....	41
6-1. Proposed Right-of-Way Widths .....	50
6-2. SR 99 North South Focus Area Proposed Long-Term Improvements.....	50
6-3. Central Focus Area Proposed Long-Term Improvements .....	73
6-4. North Focus Area Proposed Long-Term Improvement Recommendation .....	76
8-1. Consistency of the SR 99 North Corridor Study with the Highway System Plan (HSP) .....	84
8-2. Consistency of the SR 99 North Recommendations with Local Plans.....	89
D-1. 30-Year Traffic Growth Rates.....	115
D-2. Critical Percentile Traffic .....	115
E-1. SR 99 North Corridor Study Meetings with Community Organizations.....	118
E-2. SR 99 North Corridor Study Meetings with Local Businesses.....	119
E-3. Business Contacts.....	120
E-4. Newspaper Advertising.....	122
E-5. Newsletters .....	122
E-6. Postcards .....	123
E-7. Published Articles.....	124
E-8. Stakeholder Advisory Committee Meetings .....	128
G-1. Neighborhood Plan Recommendations.....	146

## LIST OF PHOTOS

---

I-1. Aurora Bridge (George Washington Memorial Bridge) circa 1932 .....	1
I-2. Pedestrians walking on shoulder near SR 99 North and N. 137th Street – a section without sidewalks .....	6
2-1. Traffic congestion near SR 99 North and N. 103rd Street.....	23
5-1. BAT lane at SR 99 North and N. 117th Street .....	45
6-1. The intersection of Halladay Street and SR 99 North.....	48
6-2. Back up on SR 99 North southbound caused by accident at Raye Street and SR 99 North .....	52
6-3. Aurora Bridge Deck .....	59
6-4. The intersection of Bridge Way N. and N. 38th Street.....	60
6-5. Pedestrians walking along shoulder near N. 137th Street and SR 99 North ....	72
7-1. Participants at the May 2002 Open House.....	76
